Nagole Institute of Technology and Science has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at NITS is unique; studying here opens a door to a world of opportunities. The college has well-designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

Our vision is to be one of the nations premier educational institution by achieving the highest order of excellence in teaching and research.

Mission

To serve the state, the nation and the world by producing talented, broadly educated engineers.

To impart quality technical education for students coming from both rural and urban areas.

To strive for student's achievements and success, preparing them for life and leadership.

To enable the students develop their personality to meet the challenges in global environment.

ABOUT DEPARTMENT

Vision

Training the students to become well disciplined and knowledgeable in the field of Civil Engineering

Mission

Department mission is to make innovative thinking engineers and to produce skilled software engineers. The department of Civil Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

About The Program

By attending this training students acquired knowledge about the different methods involved in construction field, methods of taking out quantities for different items, role of specifications and analysis in the civil engineering field works and also how to calculate the quantities with given plans and sections in the site.

ONE WEEK WORKSHOP ON ROLE OF GEO-SYNTHETICS IN CONSTRUCTION

From: 19-02-2018 to 24-02-2018

CURRICULUM OF THE PROGRAM

- Geosynthetics in Roads & Pavements
- Geosynthetics in Subsurface Drainage
- Geosynthetics in Erosion and Sediment Control
- Geosynthetics in Reinforced Soil Systems
- Geosynthetics in Seepage Control Systems
- Geosynthetics Support Systems
- Use of geosynthetics in Roads and Provisions in Indian Codes
- Applications of Geosynthetics for Road Construction

| Type of Activity | One week Certificate Programme for students | |
| Date and Time of Activity | 19.02.2018 to 24.02.2018 | 10:00 AM TO 4:30 PM |
| Details of Participants | 55 Students from civil 3 rd & 4 th year B.tech | |
| Coordinator(s) | Mr J Anil | Mr A Mahesh Yadav |
| Resource person | Dr. Hari Prasad Chennarapu | |
| Description | <p>The Certificate course started with an inaugural function welcoming chief guests Dr. Hari Prasad Chennarapu After addressing the gathering by eminent persons, the session started with introduction to Basics of Estimation and Costing. In the afternoon it was complete hands on session on the topics discussed in the morning session. The workshop included with contents like introduction to Introduction to structural design, overview of geo synthetics.</p> <p>During this period students were able to understand what is all about, its importance in civil structural designs and in analysis of structure.</p> <p>Valedictory session was held after successful completion of the course. Feedback was taken from students in both oral and written form.</p> | |
