In collaboration with	Telangana Haritha haram
Description	<p>The NSS Unit of Pallavi Engineering College has conducted an awareness program on "PLANTATION" on 26-08-2022 in the palmakulpeddaGolkonda Road . The campaign was launched by the Principal palmakulpeddaGolkonda Roadalong with the NSS Coordinator. Principal Sir has addressed the gathering regarding the importance of plantation for the betterment of ecological balance. He told that trees will help to fight global warming by captivating carbon dioxide, removing and storing carbon while releasing oxygen back into the air. They also reduce the wind speeds and cool down the air as they lose moisture content and reflect heat energy upwards from their leaves.</p> <p>By planting around 20 million trees, the earth will get about 260 million more tons of oxygen. One acre of trees can easily remove up to 2.6 tons of Carbon dioxide every year. Through photosynthesis, trees and other plants will absorb carbon dioxide and let off oxygen. Trees keep in check both the air and water pollution. Plantation forests can offer most goods and services that are provided by natural forests. They include biodiversity, timber, non-timber forest products, protection of clean water and clean air, control of soil erosion, carbon sequestration and climate control.</p> <p>At the end NSS Coordinator, Principal. HODs have planted one plant in the campus along with students have actively participated in the event and made a</p>

Description	<p>The NSS Unit of Pallavi Engineering College has conducted a program on “AWARENESS PROGRAM ON LITERACY” on 12-04-2019 in the College Campus. The Principal has spoken about the importance of Literacy Day which is celebrated on 8th September every year. Meanwhile from 1967, International Literacy Day celebrations have taken place annually around the world to retell the public about the importance of literacy as a matter of dignity and human rights and to advance the literacy program towards a more literate and sustainable society. The theme of International Literacy Day 2019 focused on 'Literacy and Multilingualism'. By increasing the literacy rate the standard of living of an individual can be raised. Finally, the Principal Sir has appreciated the Faculty and the student volunteers who have participated in the event. Around students have participated in the event.</p>

Description	<p>The NSS Unit of Pallavi Engineering College has conducted an awareness program on "ANTI-TOBACCO" on 31-05-2022 near Nagole. The campaign was launched by the Principal along with the NSS Coordinator. Principal Sir has addressed the gathering about the adverse effects of consuming tobacco and gave enough information stating that every year, on 31 May, the World Health Organization and other global partners will celebrate World No Tobacco Day (WNTD). The yearly campaign is an occasion to raise awareness on the harmful and deadly effects of tobacco use and second-hand exposure to smoke, and to discourage the use of tobacco in any form. The focus of World No Tobacco Day is on the impact of tobacco which has on the cardiovascular health of the people around the world. Use of Tobacco has an important risk factor for the development of stroke, coronary heart and respiratory diseases, lung problems etc. The campaign also served as a call to action, encouraging for effective policies to reduce tobacco intake and engaging participants across multiple sectors in the fight against tobacco use.</p> <p>Finally with the initiation from NSS Coordinator, Principal, HODs and students have actively participated in the event. The principal has appreciated the Faculty and the student volunteers who have participated in the event.</p>

Description	<p>The NSS Unit of Pallavi Engineering College, has conducted a "Blood Donation Day" on 11-07-2022, in the college campus. The principal has delivered the initial talk regarding the importance of Blood Donation. The history of voluntary blood donation in India dates back to 1942 during the second world war when blood donors were required to help the wounded soldiers. The first blood bank was established in Kolkata, west Bengal in march 1942 at the All India Institute of Hygiene and Public Health and was managed by the Red Cross. In the campus with the initiation from NSS coordinator Principal, HODs and students have participated in the event and donated the blood to Red cross society. Finally the principal and the coordinator appreciated the faculty and the student volunteers who have participated in the Programme.</p>
